My dear Madam Director:

I am forwarding you herewith my recommendation for the appointment of one die setter, and one die and tool maker, on the emergency roll at this institution, for the following reasons:

Owing to the death of Mr. Hempel during the current month we now have but one man in the coining department capable of setting dies, and I consider it very important that we should at once begin to train another man to do this work.

On November 30, 1936, Mr. James H. Hapenny who has been doing most of the die and tool making will retire from the service, which will leave us but one man (Henry B. Rudolph) to do this work, and it is also very important that steps should be taken to train another man to perform the work which Mr. Hapenny has been doing.

Both of the men whom I have recommended for appointment have had first class training in the work for which they have been recommended, as well as general training as high class machinists and if my recommendation meets with your approval, I will appreciate your so advising me by wire.

In this connection please see my letter to you under date of July 14, 1936.

As requested in your letter of the 4th instant, I am herewith enclosing copies of all correspondence in connection with the deposit of 1.95 troy ounces of pulverized gold received at this institution from Gust Ray Lager, of Idaho Springs, Colorado.

Dear Sir:

Jesse Reynolds is an applicant for reinstatement in the government service and the records of the United States Civil Service Commission show the date of his birth as April 1, 1898, whereas in his various papers in connection with his reinstatement he states the date of his birth as being April 1, 1899.

Mr. Reynolds informs me that he was born in Morgan City, Louisiana, his father being Wilson B. He does not know of any living relative or other persons now living who could verify the date of his birth.

My dear Madam Director:

Referring to your letter of the 17th instant relative to the accounts of this institution for the month of June, I have to advise as follows:

Statement and Certificate of Award accompanying voucher No. 13-40962 should carry notation that proposals were sent to three dealers, which statement I regret was inadvertently omitted therefrom.

Enclosed please find receipted invoice from Hendrie & Bolthoff Manufacturing & Supply Company to be attached to voucher No. 13-41570 covering purchase of 24 lubricators in lieu of invoice covering but 18 of said lubricators, which latter was attached to invoice through error, 24 lubricators having been received as per my order No. 378.

I regret that vouchers No. 13-37278 and 13-37279 incorrectly stated the nature of the service for which invoices of the Public Service Company of Colorado were attached and thank you for correcting same at the Bureau. The copies of these vouchers at the Mint have been corrected accordingly.

Answering your letter of the 18th instant relative to report of the Montana Coal and Iron Company of Billings, Montana, disclosing that during the period May 1, 1936 to June 30, 1936, said company submitted one deposit of bullion at this institution, I have to advise that under date of June 27th we received three bars and some amalgam grains from said company weighing in all 61.81 troy ounces, this company operating under license No. S-2R13-322.

Due to the fact that Form TG-19 accompanying this deposit stated the weight of same to be between 62 and 63 ounces, this consignment was held until July 2nd without treatment, when advice was received accepting our weight. This bullion weighed after melting 57.60 troy ounces and had a gold fineness of 753½ and a silver fineness of 071.

My Dear Madam Director:

Replying to your letter of the 1st instant relative to certain accounts of this institution, I am herewith enclosing certified original bill of the Standard Oil Co., $27.11, to be attached to July voucher No. 13-2409 (Mint No. 18) which I regret did not accompany said voucher when forwarded to the Bureau.

Please also find enclosed with copy of receipt issued for telephone collections amounting to $2.50. Copy of said receipt was forwarded with the July schedule of Collections which it supported. Similar receipts were forwarded with the August Schedule of Collections, and no doubt will be found therewith.

The extra copies of the minor coinage metal vouchers were inadvertently forwarded to your office, and I thank you for returning same to me.

I regret that the carbon copy of the July bullion account current was found illegible as to some of the figures thereon, and in future said copies will be made with new carbon paper in order that a clearly legible copy will be obtained.

I regret that the metals pertaining to the minor nickel account were thrown out of true proportion and any inconvenience which may have

MY DEAR MADAM DIRECTOR:

IN REPLY TO YOUR LETTER OF SEPTEMBER 24, CONCERNING WASTAGE OF 811.23 OUNCES BY THE COINING DEPARTMENT ON MEXICAN COINAGE OPERATIONS, I HAVE TO ADVISE THAT AT THE TERMINATION OF THE MEXICAN COINAGE OPERATIONS IN AUGUST, 1935, THE ACCOUNTS OF THIS INSTITUTION SHOWED A BALANCE OF 962,846.92 FINE OUNCES OF SILVER BULLION ON HAND WHICH HAD BEEN FURNISHED BY THE GOVERNMENT OF MEXICO. OF THIS AMOUNT 962,035.69 FINE OUNCES WERE CHARGED TO THE MELTING AND REFINING DEPARTMENT, AND 811.23 OUNCES WERE CHARGED TO THE COINING DEPARTMENT.

THE 811.23 OUNCES REPRESENTED A WASTAGE OF SILVER BULLION IN THE COINING DEPARTMENT, THAT DEPARTMENT HAVING PREVIOUSLY TRANSFERRED ALL OF THIS METAL TO THE MELTING AND REFINING DEPARTMENT WHEN COINAGE HAD BEEN COMPLETED.

ON OCTOBER 8TH THIS INSTITUTION SHIPPED TO THE CHASE NATIONAL BANK OF NEW YORK, SAN FRANCISCO, CALIFORNIA, THE BALANCE OF THE MEXICAN SILVER CHARGED TO THIS MINT. THE MELTING AND REFINING DEPARTMENT PROVIDED FROM ITS STOCK OF SILVER BULLION 811.77 FINE OUNCES THUS CHARGING THE SHIPMENT OF THE ENTIRE BALANCE CHARGED TO THIS INSTITUTION. AS A RESULT, THE SETTLEMENT SURPLUS OF THE MELTING AND REFINING DEPARTMENT WAS CORRESPONDINGLY REDUCED. IN OTHER WORDS, THAT DEPARTMENT ABSORBED THE WASTAGE ON MEXICAN COINAGE OPERATIONS WHICH OCCURRED IN THE COINING DEPARTMENT.

I AM ATTACHING HEREWITH A LETTER FROM THE SUPERINTENDENT OF COINING, MINT FORMS 901 AND 901-A.

My dear Madam Director:

I am in receipt of your letter of September 30 in which you call attention to the political activities of Mr. John C. Kavanagh who has recently been appointed to the position of temporary helper at this institution.

Mr. Kavanagh's attention has been called to the Civil Service Commission's warning against such activity, and I am now enclosing a copy of a letter received by me from Mr. Kavanagh in which he advises he has resigned from the office of Democratic Precinct Committeeman in District E, Precinct 13, of this city, which I trust is satisfactory.

Respectfully,

Mark A. Skinner

I have to advise that the melting records in the office of the Weigh Clerk of this institution have been examined for the month of September and the weight before and after melting, also the percentage of loss in melting, are usual and fairly result from the nature of the deposit in each case.

MY DEAR MADAM DIRECTOR:

PLEASE BE ADVISED THAT DURING THE MONTH OF SEPTEMBER, ALL MINT OFFICERS AS THEY COULD BE SPARED, REPORTED TO THE COAST GUARD INSTRUCTOR, MR. BERTRAM, WHO CONDUCTED ALL REVOLVER PRACTICE.

OWING TO THE FACT THAT THE RIFLE RANGE AT THE MINT IS STILL TEMPORARILY CLOSED BECAUSE OF CONSTRUCTION WORK, IT HAS BEEN IMPOSSIBLE TO HOLD THE USUAL TARGET PRACTICE.

IN REPLY TO YOUR LETTER OF SEPTEMBER 23RD REGARDING THE AMOUNT DUE THE GOVERNMENT FROM ROY G. RUSSELL ON ACCOUNT OF STOLEN SILVER, AND ALSO THE AMOUNT OF UNPAID FINES, I HAVE TO ADVISE THAT MR. RUSSELL WAS SENTENCED YESTERDAY TO ONE YEAR IN LEAVENWORTH PENETENTIARY AND NO FINE WAS IMPOSED.

MR. RUSSELL TESTIFIED THAT HE HAD BEEN TAKING SILVER OVER A PERIOD OF TIME IN SMALL AMOUNTS AND THAT HE DID NOT BELIEVE THAT THE TOTAL AMOUNT TAKEN WOULD EXCEED $125.00, AND THERE WAS NO EVIDENCE OR INFORMATION TO CONTRADICT HIS CONFESSION.

RESPECTFULLY,

My dear Madam Director:

In answer to your letter of October 3 regarding classification grades to be shown on the payrolls of this institution, please be advised that the grades as listed by you will be shown on future payrolls beginning with the period October 1-15, 1936.

In this connection I wish to state that the designation of M. M. Reddish was changed from Clerk to Assistant Bookkeeper on February 16, 1936, approval of February 13, 1936. I have to recommend that the grade of Mr. Reddish be placed as CAF-4 as he has been doing all of the bookkeeping work during the past year in the absence of Mr. Muncaster.

The title of George N. Spencer was changed from Assistant Weigh Clerk to Weigh Clerk on July 16, 1936, approval of July 7.

In regard to the exception taken by the General Accounting Office of Mr. Fred W. Stommel, please be advised that my letter of October 25, 1935, recommended that Mr. Stommel be given temporary appointment on our regular roll as mechanic (lead burner) with compensation at the rate of $5.50 per diem, same to be effective November 1. This was approved by the Administrative Assistant to the Secretary of the Treasury on November 6, 1935, approving November 1 as the date of effect.

In my letter of June 9, 1936, I recommended that the title and compensation of Mr. James C. Hayes be changed from Helper at $5.55 per diem, to Junior Assayer at $6.00 per diem, with the request that this change be made effective July 1, 1936. This was approved by the Administrative Assistant to the Secretary of the Treasury on July 13, 1936, approving July 1, 1936 as the date of effect.

On July 1, 1936, I forwarded my recommendation that Hugh T. McGinness employed as Helper at $5.00 per diem, be changed to Clerk at $1620 per annum, and that the effective date of the change be July 16, 1936. This was approved by Administrative Assistant to the Secretary of the Treasury on July 20, 1936, approving July 16, 1936 as the date of effect.

I trust the foregoing explanations of the exceptions of the General Accounting Office will prove satisfactory.

Respectfully,

Mark A. Skinner, Superintendent

My dear Madam Director:

In answer to your letter of October 2 regarding August vouchers numbered 13-7742 and 13-7743, The Public Service Company of Colorado, for electricity and gas respectively, I have to advise that the records of this institution show that the contract for electricity is No.T4M-168 as shown on the voucher, and the contract for gas is T4M-169 as shown on the voucher.

Your letter of June 25, 1936, returning contracts numbered T4M-168 and T4M-169 of the Public Service Company of Colorado does not designate which one is for electricity and which for gas, but your Certificate of Award - Form 1036 - No. T4M-168 was attached to the proposal for electric current, and your Certificate of Award - Form 1036 - No.T4M-169 was attached to the proposal for gas service.

Our September and October vouchers have been forwarded to your office numbered in accordance with the above, and have not been switched according to the records of this office. If our records are in error as to what the contract numbers T4M-168 and T4M-169 cover, please advise and same will be adjusted promptly.

I am returning herewith our assay reports numbered 6 and 10 on which the weights have been certified. In the future your suggestion will be followed as to using one bullion abstract sheet for two or more deposits when same can be done without crowding, instead of using a separate sheet for each.

My dear Madam Director:

I am in receipt of a letter dated October 20 from The Riverside Metal Company inquiring if be could advise them when shipment of the last half of blanks ordered under Contract T4M-174 could be made, as they had received instructions from Washington that release on the last half of this contract would be received from this office.

In this connection I have to advise that the balance in the Minor Coinage Metal Fund, after payment for the fulfillment of the first half of contracts No. T4M-174 and T4M-175 has been made, will be approximately $4,000. This fund under the present operating conditions is being increased by approximately $7,500 per month.

In order to pay for the last half of the bronze one cent blanks under contract T4M-174 of the Riverside Metal Company, and also to pay for the last half of the nickel five cent blanks under contract T4M-175 of the Scovill Manufacturing Company, which will amount to approximately $40,000, we would have to defer ordering the second half under both of these contracts until April 1, 1937, unless some other arrangement could be made for the payment of these blanks.

I am withholding reply to the letter of The Riverside Metal Company until further advice is received from you.

MY DEAR MADAM DIRECTOR:

I HAVE TO ADVISE THAT NO CHANGES OCCURRED IN THE PERSONNEL OF THIS INSTITUTION DURING THE MONTH OF OCTOBER EXCEPT:

MY DEAR MADAM DIRECTOR:

PLEASE BE ADVISED THAT DURING THE MONTH OF OCTOBER, THE GUARDS AT THE MINT WERE GIVEN TESTS IN MARKSMANSHIP AS PER INSTRUCTIONS ISSUED BY THE SECRETARY OF THE TREASURY.

IN THESE TESTS THE DENVER MINT REVOLVER TEAM TOOK SECOND PLACE, AND OUR HIGH INDIVIDUAL COMPETITOR WAS DEFEATED BY ONLY THREE POINTS.

THE RIFLE RANGE AT THE MINT BEING STILL TEMPORARILY CLOSED, IT HAS BEEN IMPOSSIBLE TO HOLD THE USUAL TARGET PRACTICE.

RESPECTFULLY,
